RE: Endorsement of Jennie Hanifan for Watauga County, NC Board of Education.

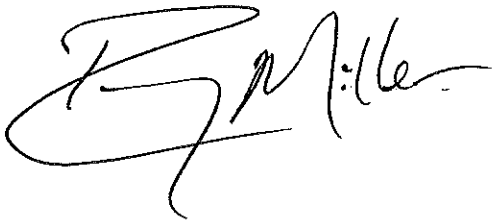

I am writing to endorse Jennie Hanifan for the Watauga Board of Education. In serving alongside Jennie at Samaritan's Purse I found her to be one of the most focused, diligent and educated individuals that I ever had the pleasure of working with. Her servant's heart is second to none. Never have I seen such a desire to care for and serve the wellbeing of others.

When the subject of education appeared in conversation with Jennie it was obvious that this was not only a calling for her but an area that she had an in-depth wealth of knowledge and experience. Jennie is someone that truly wants to give back, to unite a community by guaranteeing the youth of that community receive the very best in education in a positive atmosphere not clouded in detrimental policies.

I assure you that Jennie Hanifan will be deeply committed to the children, parents and schools of Watauga County. I strongly believe that her education, knowledge, involvement, experience, and various seasons of life have prepared her for this opportunity. She fully understands the culture of the area as well as the issues that bind the potential for a better educational experience.

It's no secret that the public education area faces challenges such as those never seen before. In times such as these it's critical that the Watauga Board of Education include a member such as Jennie Hanifan! It's my sincere promise that she will face those challenges with character and integrity. Jennie is the needed champion for the entire student population.
